HIMALAYAN ADVENTURE M A N A N G

Manang, at 3500 metres above msl in Nepal, is a beautiful village located at the edge of the cliffs in the north region of the Annapurna Range. While the arid landscapes of Manang remind you of a barren desert, the culture and lifestyle of the local Manangi people is vibrant and lively. The place offers some stunning views of Mt Dhaulagiri (8167m) , Mt Manaslu (8163m) and Mt Annapurna (8091m).

The roads wind through cobblestone paths and low roof homes, while Prayer flags flutter in the windows. Being a relatively undisturbed side of the Nepalese Himalayas, this ride has all the makings of an epic adventure on the Royal Enfield Himalayan.
